

3255

1/2 HP Chain Drive Garage Door Opener

Rugged, reliable performance is what you'll get with the LiftMaster® 3255 1/2 HP Chain Drive Garage Door Opener. Its durable 1/2 HP motor combined with an industrial-strength chain drive provide smooth, steady performance year after year. Part of the Contractor Series, it is the choice for value and reliability.

- **The Smart Garage Door Opener®** lets you electronically program security codes from the Multi-Function Control Panel or the powerhead
- **Delivers 100 watts of light** with adjustable light time delay
- **Meets all UL325 requirements**

SAFETY & SECURITY FEATURES

- **The Protector System®** safety sensors project an invisible light beam across the garage door opening and automatically reverse the door if anything interrupts the beam while the door is going down
- Sensing technology will **stop the door from closing if contact is made** with a person or object
- Opener light turns on automatically when The Protector System's infrared beam is broken
- Patented technology **detects when a door spring breaks** and triggers the motor to reverse the door to the full open position
- **Security+® rolling code technology** assures a new code is sent every time the remote control is used
- **Patented PosiLock®** system ensures the door remains securely locked when the garage door is closed
- **Manual release handle** in case of power failure

WARRANTY

- 4-year motor warranty
- 1-year parts warranty
